

Cheo Psychiatry
Associates

March 4th 2017

Dear Eileen,

Thank you so much for your 2016 support of the CHEO Foundation Enriching Life Fund (Fund F482 of the Children's Hospital Foundation) which this year allowed more than 100 CHEO youth suffering from mental illness to have camp, sports or arts scholarships to assist with building self esteem and participating in activities that their parents would not otherwise have been able to afford.

We at CHEO are very grateful that the Whispering Pines Music Festival and you have offered to continue to solicit support from Whispering Pines music festival participants for the CHEO Foundation ELF Fund.

Children and Youth and their parents thank you as do we for recognizing the importance of supporting the needs of children and youth who suffer from mental illness and offering this population opportunities to grow, to heal and to find meaning in their lives.

Sincerely,

Helen R Spenser , Child and Adolescent Psychiatrist
Senior ELF
